**Comfortable soft grip ergonomic  
handle for extended use**

The ToolPro Joint Knife is used for drywall taping, fastener spotting, and angle taping. It has square corners necessary for corner work. The Joint Knife is one of the most indispensable tools for the paint and drywall professional. It can also be used for many other general purpose spackling, puttying, and scraping jobs.

- Flexible hollow ground high carbon steel blade
- Full tang construction
- Zinc alloy hammer end for setting drywall nails

**TOOLPRO**  
11-in-1 Ergo-Grip Multi-Tool  
#TP02016

The ToolPro 11-in-1 Multi Tool combines a spreader, chisel scraper, paint can opener, roller cleaner, bottle opener, nail puller, hammer head, and many other uses giving you the functions of a wide range of tools in one package. The hardened stainless steel blade withstands abuse and resists rust. The ergo-grip handle is comfortable enough for all day use.

- Ergo-grip handle is comfortable enough for all day use
- Hammer head for setting nails
- 11 functions in one tool
- Stainless steel blade
